

The new Web site features improved navigation to help you find the information, advice and tools that matter most to you. Clearly defined sections will point ACA members, the public, the media, business partners and students in the right direction as they click through the site.

New Features Include:

A “[Member Information Center](#)” where ACA members can easily access online tools to assist them in their practice – exclusive resources available to ACA members only. From ACA’s publications and patient education handouts to information about networking listservers and educational opportunities – ACA members now have a central resource where they can access their benefits. Potential ACA members can join at the click of a mouse with our new online membership application. *Coming soon: current members will be able to renew their dues online.*

A “[Professional Resources](#)” section that contains the information and resources doctors of chiropractic need to keep them from being left behind in today’s information driven society. Through this section of our new Web site, you will have access to the tools and information you need on coding, Medicare, insurance claims, research, practice management, best practices and a wealth of other topics that you deal with on a daily basis. *Coming soon: an online insurance “Help” form that you can fill out and forward to our staff experts in the coding, insurance relations and documentation areas – to get quick and thorough answers to your questions.*

An “[Advocacy](#)” section that provides the latest on ACA’s grassroots lobbying on Capitol Hill, direct outreach with payers and employers, negotiations with managed care organizations, and when necessary, utilization of legal remedies to obtain fair reimbursement and ensure quality of care. In this section, you will find Action Alerts, Fact Sheets and more to keep you in the loop and prepared to participate in ACA calls to action. You’ll also find links to ACA’s [Legislative Action Center](#) and [ACA-PAC Web site](#).

A “[Patients](#)” section featuring a “[Find a Doctor](#)” search page, consumer health tips, the latest chiropractic research, frequently asked questions and a wealth of other materials that will help patients understand the important role chiropractic plays in the health care system.

A “[Press Room](#)” featuring everything a journalist will need to write an accurate and responsible story on chiropractic care. From ACA’s latest news releases to background information on the association, spokesperson bios, important facts and figures and letters to the editor -- the press room serves as a central resource for the news media professional.

A “[Business Partners](#)” section featuring information on ACA’s corporate supporting members, affinity programs and endorsed products and programs. It also provides information for potential partners hoping to gain access to the chiropractic profession’s most influential leaders through *ACA News* advertising and other venues.

A special section for “[Students](#)” – containing everything they need to know about the Student American Chiropractic Association (SACA) and its important efforts at chiropractic colleges nationwide.

Give Us Your Feedback

The ACA will continue to enhance this site to make it as useful as possible for our increasingly busy members.

Take the time to “bookmark” us on your computer, visit often and give us your feedback. If you experience any “bugs” while browsing the new site, please let us know by filling out the online [“Report Bugs”](#) form. It will help us continue to serve you better.
